

Stamford Tyres (Africa): Expanding all the time

As an ever present exhibitor at Tyrexpo Africa, Stamford Tyres International Private Limited (STIPL) will be appearing at the show to further endorse the company's growing presence in the African tyre and wheel market.

Taking centre stage on the company's impressive stand will be a very comprehensive collection of tyres representing the PCR, LTR, TBR, AG, OTR, ORR and Wheel sectors of the market.

In PCR the new Sumo Firenza ST07 and ST09 patterns will be available for inspection whilst in LTR visitors will be able to view and discuss the merits of the popular SV053 pattern with experienced company personnel. Also on display will be a full range of truck tyres and a selection from the OTR and ORR sectors. A full selection of SSW wheels will also be on display.

Stamford Tyres (Africa) (Proprietary) Limited, a wholly owned subsidiary of STIPL currently operate three office and warehouse complexes in Johannesburg, Durban and Cape Town. In addition to the full range of Sumo Firenza tyres and SSW wheels, there will be a display of the full range of Falken tyres for which STA is the authorised distributor in South Africa.
